

Entrepreneurship

The TE Office offers several services that support entrepreneurship; whether you are interested in entrepreneurship, starting a business, or already run your own business.

Information about business operations Suomi.fi

Suomi.fi for companies is the most comprehensive service for both potential and current entrepreneurs. You can obtain information on starting a business, financing, responsibilities, obligations and developing a business. The online portal is at your disposal at www.suomi.fi/company.

Planning for a business Suomi.fi

See the 'Planning and starting a business' wizard at Suomi.fi and create your own workspace at My Enterprise Finland to obtain information tailored to your needs. The workspace is the best place to draw up a business plan, which you will often need when applying for training events, funding or start-up grants. <https://oma.yrityssuomi.fi/en>

The Enterprise Finland telephone service offers advice to start-ups and existing businesses and offers guidance on starting up your own business. Mon-Fri, from 9 -16.15, Tel: 0295 020 500.

More info on entrepreneurship can also be found at www.perustamisopas.fi.

Information is available in multiple languages!

Work try-outs

You can test your suitability for entrepreneurship with a work try-out. Find an entrepreneur who can act as your mentor and then contact the TE office. You can get an expense allowance for the duration of your work try-out.

Start-up grant

The start-up grant is a TE service that provides financial support for new entrepreneurs aiming to engage in full-time entrepreneurship. Applications for start-up grant can be submitted by unemployed people, people planning to leave paid employment to start a business, or students, for example. All company types and industries are eligible.

Conditions for a start-up grant

- ✓ The future business activities are, by nature, full-time and permanent.
- ✓ The applicant has sufficient skills, training and work experience in the field.
- ✓ Sufficient capabilities for becoming an entrepreneur: experience or suitable training for entrepreneurship.
- ✓ The business plan and the calculations are ready, and they have been estimated to be profitable (by the nearest Enterprise Agency, for instance)
- ✓ Financing, business premises, permits and the equivalent are already known; the applicant must have all of the prerequisites for setting up a company and launching business operations.

The Start-up grant will not be granted if

- ✗ The applicant's full-time entrepreneurship has started before the decision on the start-up grant has been made.
A business is considered to have started when the following activities have begun; production, sales, marketing (including publishing a website), or the business is registered for VAT, preliminary tax, or is in the employers register. Securing business premises or conducting market research are not considered as starting activities.
If you intend to expand your previous part-time business into a full-time entrepreneurial activity, the start-up grant must be applied for and a decision must be made on it before the activity becomes full-time.
- ✗ The entrepreneurship provides a reasonable livelihood straight away. The financial risks are very low.
- ✗ You have other income, incl. salary, student allowance, parental allowance, pensions.
- ✗ Non-trivial tax debts or payment defaults. We will check your credit history.

Duration and amounts for 2020

Start-up grants are awarded for 6 months at a time, usually in 1-2 periods. The grant amount is:

€33,66 per day, or about **€700 per month**

A start-up grant is personal, taxable income that is paid for maximum 5 days per week.
